

RYAN WHITE PROGRAM

SOUTHWEST CARE CENTER CLINIC PROFILE

**CLINIC SERVES
31 COUNTIES
1023
HIV PATIENTS**

Southwest Care Center (SCC) (est. 1996) provides HIV services and comprehensive primary care services to persons living with HIV/AIDS. SCC provides accessible, affordable, culturally-sensitive, high quality health care regardless of ability to pay. The health center has two HIV specialty locations, located in Santa Fe and Albuquerque, with additional HIV specialty services provided in Roswell, NM. The health center serves clients from 31 of 33 counties in New Mexico, including many rural communities that otherwise would not have access to HIV specialty care. SCC operates with the critical support of Ryan White Part C funding.

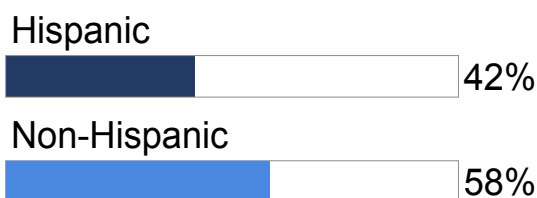

5.5%

Percentage of Uninsured Patients
(Approximately 40% of patients receive Medicaid)

87%

Clinic Viral Suppression Rate

CLINIC DEMOGRAPHICS SNAPSHOT
